

# Business Brings Challenges.

WE SOLVE THEM WITH SMART TECHNOLOGY.

Alesig engineers innovative, full-stack solutions in partnership with our customers to solve their most pressing business problems and transform performance and operations. We push information to desktops and mobile devices at the edge of a warzone or at the forefront of public safety.

Alesig is an established and proven Prime contractor with successful experience managing large Prime contracts for our DoD, Civilian, and Homeland Security customers, including the U.S. Army, DISA, NIST, and DOL.

We bring the knowledge and expertise of award-winning IT industry leaders, veterans, and dedicated personnel to provide Alesig customers with an outstanding customer experience.

*The [Alesig] UIDBMS Help Desk environment continues to be an exemplary working model within U.S. Department of Labor...*

*[Alesig] has been continuously eager to present and recommend new ideas and improvements as well as offer alternatives and/or potential solutions for ongoing efforts. They have some really good personnel that are very skilled problem solvers and can accomplish tough tasks by the ARMY deadlines.*
